OSL Hacktoberfest Report 2022

Open Source Lab from the department of Computer Science and Engineering conducted a one day workshop on Hacktoberfest to the CS and IS students at the CSE Seminar hall on the date of 14th october during the afternoon. The speakers raised awareness about the contribution to open source technologies and also about the various activities held at the lab and department.

The strength was around 40 and the students were made to open github and make pull requests at the event hands-on, they were also taught git and version controlling. There was also a questionnaire at the end of the session where refreshments were shared to the participants as well. The event was concluded thereafter.
